Independent Auditor's Report

Board of Directors
Compark Business Campus Metropolitan District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Compark Business Campus Metropolitan District as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Compark Business Campus Metropolitan District as of December 31, 2016, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The continuing disclosure as listed in the Table of Contents has not been audited and accordingly, we express no opinion on it.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - Total governmental funds	\$	787,111
--	----	---------

Governmental funds report capital outlays as expenditures. In the statement of activities capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Capital outlay		66,609
Depreciation expense		(47,969)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items as follows:

Current year cost of bond refunding	(108,118)	
Current year bond issue discount	(3,304)	
Accrued interest receivable	813	(110,609)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued interest payable on bonds - Change in liability	(95,101)	
Accrued interest payable on Developer advance - Change in liability	(7,910)	(103,011)

Changes in net position of governmental activities	\$	592,131
--	----	---------

These financial statements should be read only in connection with
the accompanying notes to financial statements.

COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 - DEFINITION OF REPORTING ENTITY

Compark Business Campus Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized on May 5, 1998, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located within the Town of Parker and/or Douglas County, Colorado. The District was established as part of a master-planned commercial development known as Compark and is authorized to provide water and wastewater service, street and storm drainage construction, installation of safety control devices, construction and maintenance of parks and recreation facilities and public transportation.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees and all operations and administrative functions are contracted.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of net investment in capital assets component of the District's net position.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. Depreciation expense has been computed using the straight-line method over the estimated economic useful lives:

Signage	25 years
Drainage improvements	30 years
Landscaping / Irrigation	25 years

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Water Rights

The cost of water rights includes acquisition cost, legal and engineering costs related to the development and augmentation of those rights. Since the rights have a perpetual life, they are not amortized. All other costs, including costs incurred for the protection of those rights, are expensed.

Original Issue Discount/Premium

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Cost of Bond Refunding

In the government-wide financial statements, the deferred cost of bond refunding is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a deferred outflow of resources.

Deferred Outflows/Inflows of resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The government has only one item that qualifies for reporting in this category.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, deferred property tax revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2016, are classified in the accompanying financial statements as follows:

Statement of net position and balance sheet:

Cash and investments	\$ 1,150,271
Cash and investments - Restricted	<u>9,926,173</u>
Total cash and investments	<u>\$ 11,076,444</u>

Cash and investments as of December 31, 2016, consist of the following:

Deposits with financial institutions	\$ 36,766
Investments	<u>11,039,678</u>
	<u>\$ 11,076,444</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District's cash deposits had a bank balance and a carrying balance of \$36,766.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- * Guaranteed investment contracts
- * Local government investment pools

Fair Value Measurement and Application

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series); money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee); and CSAFE which record their investments at amortized cost.

The District has invested in COLOTRUST, an external investment pool, Guaranteed Investment Contract, and Federated Treasury Money Market Fund, which all record their investments at fair value and measure fair value using Level 2 inputs.

As of December 31, 2016, the District had the following investments:

Investment	Maturity	Fair Value
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted average under 60 days	\$ 5,997,583
Guaranteed Investment Contract	September 28, 2017	5,040,720
Federated Treasury Money Market Fund	Weighed average Under 51 days	1,375
		<u>\$ 11,039,678</u>

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (Colotrust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing Colotrust. Colotrust operates similarly to a money market fund and each share is equal in value to \$1.00. Colotrust offers two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities, certain obligations of agencies of the U.S. government and written purchase agreements collateralized by U.S. Treasury securities or certain obligations of U.S. government agencies. COLOTRUST PLUS+ may also invest in highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as a custodian for Colotrust's portfolios pursuant to a custodian agreement.

The custodian acts as a safekeeping agent for Colotrust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by Colotrust. Colotrust is rated AAAM by Standard & Poor's.

Guaranteed Investment Contract

On October 9, 2007, the District entered into a Guaranteed Investment Contract (GIC) with Natixis Funding Corp. The investment contract allows for flexible draws until final maturity. The annual interest rate is 4.91% and maturity date is September 28, 2017.

Federated Treasury Money Market Fund

The debt service money that is included in the trust accounts at United Missouri Bank is invested in the Federated Treasury Obligations Fund. This portfolio is a money market mutual fund which invests in U.S. Treasury obligations, which are fully guaranteed as to principal and interest by the United States, with maturities of 13 months or less and repurchase agreements collateralized by U.S. Treasury obligations. The Federated Treasury Obligation Fund is rated AAAM by Standard & Poor's.

Taxable General Obligation Refunding Bonds, Series 2012B	5,045,000	-	-	5,045,000	-
Original issue discount - Series 2007A Bonds	(247,472)	-	(3,304)	(244,168)	-
Developer advance payable: Operating	149,240	-	-	149,240	-
Interest on Developer advance payable: Operating	171,801	7,910	-	179,711	-
	<u>\$51,183,569</u>	<u>\$ 7,910</u>	<u>\$ (3,304)</u>	<u>\$ 51,194,783</u>	<u>\$1,015,000</u>

The details of the District's long-term obligations are as follows:

General Obligation Bonds

\$40,125,000 General Obligation Refunding and Improvement Bonds, Series 2007A dated August 30, 2007, with interest of 4.375% to 5.600% consisting of serial bonds issued in the amount of \$8,730,000 due annually through 2019 and 2022 and term bonds issued in the original amount of \$2,650,000, \$6,350,000 and \$22,395,000 due December 1, 2021, 2027 and 2034, respectively. The bonds are subject to redemption prior to maturity on or after December 1, 2018, at the option of the District and are also subject to mandatory sinking fund redemption. The bonds were issued to advance refund all of the District's General Obligation Bonds, Series 1999, to currently refund all of the District's General Obligation Limited Tax Bonds, Series 2004 and to pay the costs of constructing certain infrastructure improvements within the District. On May 30, 2012, the District restructured the Series 2007A General Obligation Refunding and Improvement Bonds as described below. As of December 31, 2016, the outstanding principal balance of the Restructured Series 2007A General Obligation Refunding and Improvement Bonds is \$36,150,000.

COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

On August 30, 2007, the District advance refunded and defeased (debt legally satisfied) and paid \$14,530,000 of General Obligation Bonds, Series 1999 dated May 1, 1999, with an interest rate of 3.85% to 5.30% and \$5,815,210 of General Obligation Limited Tax Bonds, Series 2004, dated October 1, 2004, with an interest rate of 8% by the issuance of \$40,125,000 General Obligation Refunding and Improvement bonds dated August 30, 2007, with an interest rate of 4.375% to 5.600%. The defeased bonds are not considered a liability of the District since sufficient funds in the amount of \$22,229,040 were deposited with a trustee and invested in U.S. government securities for the purpose of paying the principal and interest of the defeased bonds when due. As of December 31, 2016, the outstanding principal balance of the bonds is \$3,135,000.

\$14,960,000 General Obligation Refunding Bonds, Series 2012A & Series 2012B, dated May 30, 2012, consisting of \$9,915,000 in Series A Tax Exempt Term Bonds due December 1, 2039, which bear interest at 6.75%, and \$5,045,000 in Series B Taxable Term Bonds due December 1, 2027, which bear interest at 9.50%. The bonds are subject to redemption prior to maturity on or after December 1, 2022, at the option of the District without redemption premium. The bonds were issued for the following purposes: to advance refund \$3,975,000 of the District's General Obligation Refunding and Improvement Bonds, Series 2007, to provide cash flow relief to the District in the years 2012 to 2017, and to pay for bond issuance costs. The District used \$102,801 of District funds towards the partial refunding of the Series 2007 bonds. The defeased portion of the bonds are not considered a liability of the District since sufficient funds of \$13,112,170 were deposited with a trustee and invested in U.S. government securities for the purpose of paying the principal and interest of the defeased bonds on the call date, December 1, 2012, at which point \$3,975,000 of the bonds were repaid. The remaining funds from the bond issuance were placed in Escrow to pay the future debt service amounts on the Series 2007A Bonds due for the years 2012 to 2017.

The bonds are secured by and payable from the Pledged Revenue consisting of monies derived by the District from the following sources, net of any collection costs: 1) the Required Mill Levy, 2) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy, and 3) any other legally available monies which the District determines to be treated as Pledged Revenue. The bonds are also secured by amounts held by the Trustee in the 2007 and 2012 Reserve Funds. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the bonds as the same become due and payable and to make up any deficiencies in the Reserve Funds. The District is required to levy an ad valorem tax to pay the principal of, and interest on, the bonds without limitation as to rate and in an amount sufficient to pay the bonds when due. For collection year 2016, the District levied 35 mills for Debt Service.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

A separate financial guaranty insurance policy for the 2007 bonds was issued by Radian Asset Assurance Inc. simultaneously with the issuance and delivery of the bonds. On April 1, 2015, Radian Asset Assurance merged with Assured Guaranty Corp. (AGC). As of June 14, 2017, AGC was rated AA by Standard & Poor's and A3 by Moody's. Each policy is non-cancelable during its term and provides for the prompt payment of principal and interest on the applicable series of bonds to the extent that the Trustee has not received sufficient funds from the District for payment of the bonds on the "due date." The Insurer is obligated to make the required payment on the later of the due date or the first business day after which the Insurer has received notice from The Bank of New York, as Insurance Trustee, that the District has failed to pay amounts due on the bonds.

The total debt service obligations of principal and interest for the 2007A General Obligation Refunding and Improvement Bonds and the 2012A and 2012B General Obligation Refunding Bonds mature as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 1,015,000	\$ 2,589,158	\$ 3,604,158
2018	1,110,000	3,098,408	4,208,408
2019	1,130,000	3,042,908	4,172,908
2020	1,280,000	2,986,408	4,266,408
2021	1,370,000	2,919,208	4,289,208
2022-2026	13,075,000	12,609,928	25,684,928
2027-2031	13,180,000	8,090,535	21,270,535
2032-2036	13,500,000	4,087,872	17,587,872
2037-2040	5,450,000	751,613	6,201,613
	<u>\$ 51,110,000</u>	<u>\$40,176,038</u>	<u>\$ 91,286,038</u>

Authorized Debt

On November 7, 2000, a majority of the qualified electors of the District who voted in the election authorized the issuance of indebtedness in an amount not to exceed \$100,000,000 at an interest rate not to exceed 15% per annum. On November 6, 2001, a majority of the qualified electors of the District who voted in the election authorized the issuance of indebtedness in an amount not to exceed \$1,000,000 at an interest rate not to exceed 15% per annum. On November 1, 2005, a majority of the qualified electors of the District who voted in the election authorized the issuance of additional indebtedness in an amount not to exceed \$20,000,000 at an interest rate not to exceed

Pursuant to the Service Plan, the District is permitted to issue bond indebtedness of up to \$50,000,000.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

Developer Advances

On April 30, 1999, the District entered into a Financing and Reimbursement Agreement with Compark Properties, LLC (Developer) (see Note 7). The District agrees to reimburse the Developer for organizational and operating and administrative costs expended by the Developer that are not payable from the proceeds of District bonds that are issued for capital purposes. Repayment of these costs will be made by the District to the Developer when sufficient revenue has been collected by the District. Interest will accumulate starting on the date the Developer incurred the cost at the highest rate of interest payable by the District on its General Obligation Bonds, Series 1999 (5.3%). This Agreement was subsequently renewed for 2001 and 2002. The Third Renewal Agreement, effective January 1, 2004, renewed the Agreement for 2003 and allows the Agreement to be automatically renewed for successive one-year periods until mutually terminated.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 6 - NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2016, the District had net investment in capital assets, calculated as follows:

	Governmental Activities
Net investment in capital assets:	
Capital assets, net	\$ 2,339,111
Outstanding bonds payable	(3,825,916)
Discount costs, and cost of refunding (net of accumulated amortization)	233,484
Unspent bond proceeds	489,319
Net investment in capital assets	\$ (764,002)

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position as of December 31, 2016, as follows:

	Governmental Activities
Restricted net position:	
Emergencies	\$ 9,500
Debt service	1,909,905
	\$ 1,919,405

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 - RELATED PARTY

The primary developer of land within the District is Compark Properties, LLC (Developer). The District received advances from the Developer for the period from inception (May 5, 1998) through December 31, 2005, to pay for various organizational, operating and administrative expenditures. At December 31, 2016, the District owed the Developer \$149,240 under the Developer Advance Agreement and accrued interest of \$179,711 (see Note 5).

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 8 - INTERGOVERNMENTAL AGREEMENTS

District Facilities Construction and Service Agreement

On November 20, 1998, the District entered into a Facilities Construction and Service Agreement with E-470 Potomac Metropolitan District (Potomac) to set forth the rights and obligations of Potomac to assist in the repayment of indebtedness, and for the District to issue indebtedness to construct, own or transfer, and operate and maintain water, sanitation, street, safety, park and recreation, transportation, television relay and translation, and mosquito control facilities, programs and services for the benefit of both Districts as outlined in the Service Plans of each District.

Subsequently, the original agreement was amended on January 26, 1999, and the Supplemental District Facilities Construction and Service Agreement dated March 22, 1999, which collectively clarified the definitions of terms used in the original agreement, authorized the District to collect rates, fees, charges for services, tolls, etc. within Potomac's boundaries; acknowledged and approved the District's entry into a Facilities Agreement with Stonegate Village Metropolitan District (Stonegate) for water and sewer facilities, services and programs; and authorized the District to collect tap fees within Potomac's boundaries under a Tap Purchase Agreement between Potomac and U.S. Home Corporation, with payment of a portion of such tap fees to Stonegate.

The District is to operate, maintain and replace such facilities until they have been transferred or conveyed to Douglas County or another District upon final approval and acceptance by the County or other District.

An amendment dated February 27, 2001, clarified the definitions of terms but made no significant changes to the original agreement.

An amendment approved November 18, 2003, effective as of November 27, 2001, specifically limits Potomac's obligations to repayment of the 1999 bonds (and any bonds that refund the 1999 bonds). Potomac shall have no obligation for payment of any bonds issued by the District after the effective date of the Agreement, except for future bonds issued by the District for replacements and betterments of Potomac's in-district facilities. Assuming continuing performance of the Agreement by Potomac, Potomac's obligations with respect to the bonds will be satisfied in 2018.

Potomac's mill levy is limited to a maximum of 35 mills (adjusted for laws and changes in assessment ratio after 1998) until no longer required to make payments under this agreement. An amendment dated November 18, 2003, also obligates Potomac's specific ownership and HB 1006 property tax revenue to the obligations of this agreement.

Two members of the Board of Directors of the District are also members of the Board of Directors of Potomac.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 8 - INTERGOVERNMENTAL AGREEMENTS (CONTINUED)

Financing and Reimbursement Intergovernmental Agreement

On May 22, 2001 (effective January 1, 2001), the District entered into an Agreement with Potomac where the District will provide funding to Potomac for operational costs and assistance in issuing bonds. This Agreement has been renewed from time to time and amounts advanced to or for Potomac are to be repaid only when Potomac has sufficient funds to make payments. In consideration for the payment of operational costs by the District, Potomac agrees to pay reimbursements plus interest to the District. Reimbursement shall include interest at the highest rate (5.3%) of interest payable on the District's \$15,300,000 General Obligation Bonds, Series 1999. As of December 31, 2016, Potomac owed the District \$15,339 in principal plus accrued interest of \$26,958 for a total of \$42,297.

Stonegate Village Metropolitan District Regional Facilities Agreement

During 1998, the District entered into a Regional Facilities Agreement with Stonegate Village Metropolitan District (Stonegate). Stonegate agreed to provide water and sanitation services to the property within the District and Potomac boundaries in exchange for conveyance by the District of a minimum of 317 acre feet of water to Stonegate. The District agreed to finance its proportional share of all facilities which are necessary for Stonegate to provide water and sewer services to the District and Potomac properties as well as to pay Stonegate their current system access fee. At December 31, 2016, Stonegate's system access fee was \$2,827 per Single Family Equivalent (SFE). These facilities will be owned by Stonegate.

Town of Parker

The District and the Town of Parker (Town) have entered into an Intergovernmental Agreement dated as of February 5, 2007 (the Parker Agreement). The Parker Agreement provided for the annexation of approximately 203.7 acres (including the portion of the Trimark Exclusion recently re-included in the District) of the property in the District (the Annexed Property) into the Town; additional areas of the District may or may not be annexed into the Town in the future. The Parker Agreement imposes limitations on the District that are not included in the Service Plan and the District agrees to be limited in spite of the powers granted to it by the Service Plan or the Special District Act. For instance, in the Parker Agreement, the District agrees that with respect to the Annexed Property, it will plan for, design, acquire, construct, install, replace, relocate, redevelop, repair and finance only the Public Improvements as defined in the Parker Agreement and no others. The District is required to dedicate all Public Improvements to the Town unless otherwise specified in the Parker Agreement; however, all Public Improvements are required to be operated and maintained by the District.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 9 - COMMITMENTS AND CONTINGENCIES

Compark Village / Compark South

In prior years, the District incurred costs that were for the public improvements and related work associated with annexing a portion of the property within the boundaries of the District into the Town of Parker and the organization of one or more special districts or business improvement districts on that property or adjacent and nearby property to assist the District to provide public improvements and services in the area. The annexation is expected to lead to an increase in the tax base of the District.

In the event that one or more new districts are organized, the District expects that the new district or districts will reimburse the District for at least a portion of the costs associated with the work; however, there is no current obligation for the new district or districts, if organized, to do so. Other cost sharing arrangements involving the District improvements that have been previously installed have also been discussed. As of December 31, 2016, the District has paid \$143,823 in total costs related to Compark Village and Compark South.

Assignment of Water & Wastewater Service Fee – Belford South 204

On January 4, 2016, the District entered into an agreement with Stonegate Village Metropolitan District (Stonegate) and Belford South Metropolitan District (Belford South) whereas 204 SFE's of the District's excess wastewater service capacity will be transferred to Belford South. Belford South shall not sell, pledge, assign, encumber or alienate any assigned SFE's for use outside of its boundaries without the prior consent of both Stonegate and the District. This assignment will stay effective until all assigned SFE's have been connected to an are being served by Stonegate's Water System and Wastewater System or until all unused assigned SFE's revert back to the District. Stonegate shall provide water and wastewater service to Belford's service area in the amount of Belford's water and wastewater service ratio portion.

NOTE 10 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**COMPARK BUSINESS CAMPUS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 11 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 7, 2000, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under TABOR or the 5.5% limitation of CRS 29-1-301.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

This information is an integral part of the accompanying financial statements.

2016/2017	\$ 41,781,480	\$ 3,647,270	\$ 1,163,730	\$ 46,592,480	1.10%	42.201	35.000

(1) The Trimark Exclusion property currently is subject to the District's debt service mill levy for the purpose of paying a portion of the debt service on the 2007 Bonds (i.e., the 1999 Bonds refunded by the 2007 Bonds). The District re-included a portion of the Trimark Exclusion property back into the District. The re-included property will be subject to taxation for the payment of debt service on the 2007 Bonds. However, the Excluded Property remaining after the re-inclusion will not be subject to taxation to pay debt service on all of the Bonds; the Bonds attributable to the the Improvement Project and a portion of the Bonds used to refund the 2004 Bonds cannot be paid from property taxes levied on the Excluded Property.

2016 Assessed Valuation of Classes of Property in the District

Class	Total Assessed Value (a)	Percent of Total Assessed Valuation
Commercial	\$ 18,054,770	38.74%
Industrial	21,093,740	45.27%
Vacant	1,472,770	3.16%
Residential	5,868,060	12.59%
State assessed	101,200	0.22%
Agricultural	1,930	0.01%
Natural resources	10	0.01%
	<u>\$ 46,592,480</u>	<u>100.00%</u>

(a) Includes the assessed valuation attributable to the Trimark Exclusion.
